THIS SUNDAY: BACK TO THE STREETS

FOR PALESTINE AND TO BREAK THE TERROR

As the news of the ceasefire agreement arrive, nothing is over yet. We continue to support actions for the freedom of Palestine in full force. We speak about Gaza. We organise resistance against Zionism and the local fascists who supports it. We expose the complicity of the Republic of Cyprus and the media to the genocide, and which are bringing Cyprus closer each time to a military conflict for the interests of the powerful.

Anti-fascist struggle means a Cyprus without troops, bases and barbed wire, without nationalist conflicts and “motherlands”. Now, anti-fascist struggle also means a struggle for a Cyprus without dependencies and subservience to Israel - the new “mother land” of the Greek Cypriot political and economic establishment and its followers. Anti-fascist struggle means reclaiming the street and disobeying the law for the suppression of demonstrations.

We support and participate in the three simultaneous actions organised by [United for Palestine](#) network this Sunday 12/10.

Nicosia: Eleftheria Sq., 16:00
