After the second Ecopolis Festival we feel stronger than ever! This would be impossible without the collective effort of the members of Ecopolis assembly and all those others who made the festival possible. We would like to thank all the individuals and groups who shared their experiences and concerns during the presentations and discussions of the first two days, Windcraft Band for their performance, but also all those who came to drink and dance in the concert of the third day and Food Forest - Nomadic Catering for the delicious vegan wraps.

We also thank Constantinos for the presentation of the second day, Nicos Philippou and his students for the projection/photo-exhibition and the initiatives which were with us, sharing information about their actions and struggles:

269life Animal Liberation Cyprus / Cyprus Natural Coastline - Πρωτοβουλία για την Διάσωση των Φυσικών Ακτών / Youth for Climate Cyprus / Historical and Environmental Protection Group of Mathiatis / Πρωτοβουλία ενάντια στην εξόρυξη Χρυσού στην Κύπρο / Ramona Collective / Δίκτυο Δράσης για την Στέγη και την Πόλη.

We are also thankful towards Agora Project for their help and support throughout the festival, the bands which participated and supported us without profit, and all those who helped set up the concert and keep the space clean during the festival.

The Handmade Band / Stonus / Head On

We are already thinking about the third Ecopolis Festival, but we won't wait until next summer to meet again! Follow our updates on Φεστιβάλ Οικοπόλις Ecopolis Festival to find out about the events we will be organizing throughout the year.
